

Jefferson City Radio Control Club

INDOOR FLY-IN

If you've got a small electric plane or heli gathering dust because of the weather--you're in luck! We've arranged some indoor flying at the Jefferson City YMCA on Ellis Blvd. We do have to pay for the facility, so we're charging a \$5.00 landing fee to cover the rental fee.

We'll be flying after they close and they've asked us to take the planes in and out through the back door beside the swimming pool. As you face the front of the building, drive around the left side. You can park at the small lot at the back left corner of the building and along the left side. If you're not sure where to go, come in through the front doors (before the listed setup time begins, without your plane) and come down to the tennis courts and we'll show you. If you arrive late and can't find your way in, a cell phone number will be posted on doors of the facility during the event.

Landing Fee: \$5.00
